

Objective of the Conference

Conference aims to achieve the following objectives:

- To Discover the latest advancements in computing technologies and their applications in solving critical sustainability challenges.
- To engage in thought-provoking discussions and presentations on topics related to Multidisciplinary Approaches for Technological Innovation and environmental sustainability.
- Equip attendees with the knowledge and tools needed to make a positive impact in their respective fields.
- To engage and inspire the next generation of leaders in technology and sustainability by organizing sessions designed for students and young professionals.
- To discuss the ethical considerations and responsibilities of computing professionals in developing sustainable and socially responsible technologies.
- To provide an ideal platform under technical sponsorship of IEEE and CSI local chapter, that gives opportunity to get research contribution published in a reputed refereed international journal with a unique DOI (Cross Ref)

CALL FOR PAPERS

We welcome papers, presentations that address the following tracks but not limited to:

- Artificial Intelligence and Machine Learning for Sustainability
- Big Data Analytics for Sustainability
- AI for Biodiversity
- AI for Next Generation
- SMART Grids and Energy Management
- Environmental Sensing and IOT Solutions
- Data Privacy and Security
- Predictive Healthcare and Sustainable Medicine
- Data Analytics and AI for Disaster Management
- Energy Efficient Manufacturing and Automation
- Sustainable Infrastructure and Construction
- SMART Agriculture
- Supply Chain Optimization
- Advances in Renewable Energy Resources
- Education and Awareness for Sustainability
- Wireless Communication for Sustainability
- AI Driven Industrial Automation
- Human Machine Interaction
- Internet of Medical Things (IoMT) and Smart Healthcare
- Neural Network and Pattern Recognition
- Web Intelligence and Social Networking
- Advanced Manufacturing
- Vedic Engineering

Conference Proceeding

All the papers will be published in the special edition of Refereed Journal - International Journal of Innovative Research in Computer Science and Technology(IJIRCSST) and unique DOI shall be allotted to each of the published papers www://ijirscst.org/
Indexed in (DOI(Cross Ref), ICI and Index Copernicus Indexed Journal)
Indexing- <https://ijirscst.org/indexing.php>

Key Benefits and features

- Papers published in the special edition are expected to have a lasting impact and be widely cited.
- All selected papers will undergo a rigorous peer review process to ensure the highest standards of quality and relevance.
- Published papers shall be allotted unique DOI (Cross Ref).

Important Dates

- Paper Submission Deadline: 2nd February, 2024
- Notification of Acceptance: 5th February, 2024
- Last Date of Registration: 12th February, 2024

About the Institute

BN Group of Institutions (BNGI) previously recognized as BNCET, is a consortium of leading colleges of International standards that has been established under the auspicious aegis of Bajj Nath Charitable and Educational Trust in the year 2008 for setting trends and raising standards for technical and management education. The objective of our Techno-Managerial programs is to equip our students with knowledge, skills and confidence needed to develop corporate leaders, strategists and decision makers who can significantly contribute in nation building exercise.

About the Conference

Join us for a ground-breaking conference where we delve into the convergence of computing and sustainable innovation. "Computing for Sustainable Innovation: Shaping Tomorrow's World" is a vibrant meeting of professionals, thought leaders, and enthusiasts who are enthusiastic about using technology to promote positive change in our society. This conference will provide a platform for sharing insights, research findings and innovative solutions to address the global challenges and aligns with our college's vision and commitment for producing professionals who can contribute to the betterment of global society.
