Shri. Mahesh Singh Patel Ji **(Hon'ble Chairman)**

At the outset, I wish to thank you for your interest in joining this institution and I welcome you to our portals. I am fully aware of the aspirations and hopes of the young. I deem it an honor to be at the helm of an institution that helps so many youth like you to achieve their heart's desire in entering the vocation of their choice. I wish to assure you that our predominant aim is to ensure that you build the foundation of your successful career in this institution.

Modern education is all about preparing for the future. In this I am referring to educational standards that are in vogue all over the world. And with our country launching itself into the globalization process, it is quite likely that many of you will rub shoulders with the academic cream of the world and will find yourselves competing with the best among the best.

In such a scenario, the realization is clear that the precious years immediately ahead need to be concentrated with productive activity. Every minute needs to be planned and accounted for. Every hour must be programmed to contribute to your preparation for the arduous but glorious days ahead. Each drop of sweat and each step of effort go towards conditioning you in every manner in order that you may surge ahead of others.

At this point of time, I wish to reiterate two points the first being that in the light of what I have just mentioned, the institution will do all in its capacity to bring out the best in you. The second is that on your part, we would like you to supplement the efforts of the management by co-operating in its overall plan to establish the highest standards of academic excellence.

I look forward to greet you.

Megha Singh Patel **(Hon'ble Trustee)**

We are firmly focused on earning the College a national reputation for excellence and developing it into a choicest destination for engineering education in the country. Inside this campus the possibilities seem limitless. You will find cutting-edge technology, state-of-the-art equipment and minds that push the envelope of theory and experimentation.

Our institute facilitates innovative thinking by presenting students with an exclusive learning. The present day a technical education requires multi-dimensional learning & curriculum to be in pace with global trend. So these students require a comprehensive platform with good educational Institute to learn with innovative quality & leadership. Our ultimate aim is to feed the engineer with finer aspects of science that makes him understand, exploit and innovate. Driven by an urge to excel and out stand, every branch of engineering is seeing a rapid growth and change. It abounds in well equipped and sophisticated laboratories, well stocked libraries and highly qualified, experienced and dedicated staff members.

At the institution, we are deeply conscious of the challenges and responsibilities that this new world order represents. As committed educationalists, we adapt the techniques of education not only to face the ever-evolving challenges but also to be progressively creative through scientific research. Offering top quality technical education and moulding the younger generation with the spirit of service to society. We are committed to enhance the quality of education and to create confidence and secured environment to students.

We enable success to students in chosen career, through regular and continuing education. We aspire to aid the pursuit of knowledge in students. The future is not in the hands of fate, but in ours. Claim as high as you can dream, to contribute towards the capacity of India to take part in the technological revolution.

Prof. (Dr.) Raghuvir Kumar (Hon'ble Director General)

BNCET Lucknow, The pioneer of technical education in Uttar Pradesh. It's established under auspicious genesis of Hon'ble Baij Nath Charitable and Educational Trust in 2008. The institute is committed to provide high-end educational programs in the area of Engineering and Technology to churn out industry professionals. In our academic programs, industrial visit and hands on experience on technology applications including software and hardware are conducted to improve the quality of education. Apart from this, we have very skilled faculty members having experience of both academic and industry.

BNCET has seven engineering discipline; B.Tech.: Civil Engineering, Computer Science and Engineering, Electrical Engineering, Information Technology, Mechanical Engineering, Electronics & Communication Engineering, and Bio-Technology, M.Tech. Discipline: Computer Science

and Mechanical Engineering. Polytechnic: Diploma in Civil, ME (Production), Electronics Engineering as well as M.B.A. program.

The college is approved by the AICTE and Ministry of MHRD, Government of India and affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow. We are committed to provide ragging free campus along with personal counseling. For purpose of conference and workshop, the campus has auditorium with 250 seats capacity.

In the series of achievements, The College secured 44th rank all over India in NIRF ranking by MHRD, Government of India. We have best placements since last three years. Life at BNCET encompasses a wide range of activities in addition to academic, such as seminars, workshop, Industrial tours, cultural events, sports, and dramatics, etc, for overall development of students. We intend to care for quality infrastructure, world class facilities and innovative teaching. Let's find positivity and lets be connected always for education growth

Prof. (Dr.) Ashutosh Dwivedi
(Hon'ble Director)

The goal of education is to produce technocrats & professionals of quality who could combine competence with virtue. It, therefore calls for the development of human resources to ensure a sustainable social transformation, development of knowledge society and durable technological progress. The development of human resources therefore requires a multi directional approach for the development of technical, communications & managerial skill, innovativeness, entrepreneurship, versatility, flexibility and team work.

In B N College of Engineering and Technology this goal of education is achieved by having a commendable and dedicated squad of teaching faculty. A quality teacher, on account of his or her leadership instinct, high intellectual capabilities and excellent moral values is always a source of inspiration. In our college besides grooming and reinforcing the existing faculty the students are revamped from time to time to cope with the requirement of industries and other organizations.

Committed to academic excellence the college employs well qualified and experienced faculty. Besides, this splendid façade of college building is matched by its solid infrastructure. Our vision and mission is to see that one student grow to contribute their best towards the economic and social growth of the nation and place the country among the few top most developed countries of the world.

Our aim is to encourage students from all background who wishes to become an Engineer. The pedagogy in teaching that we follow is interacting and the well experienced faculty members also give personal attention to weak students and also ensure participation of all the students in various academic and extracurricular activities. We provide a solid foundation among all the undergraduate students to enable them to understand the concepts clearly and also encourage them to participate in project designing and implementation to gain practical experience and knowledge.

Our students prepared a Solar Electric car with the assistance of the faculty members which participated in the national Solar Electric Car ISIE championship and were able to finish as first 5 car participants among more than 120 colleges who participated in the competition, also won Rs 1,00,000/- (One Lac) prize money and Rs 10,000/- as prize money for their performance.

We also impart personality development learning to assist students from various different backgrounds to upgrade themselves and become presentable. Our focus is to create engineering graduates who would find a suitable place in the industry and contribute in a positive way for the development of the society.

VISION

Strive to develop as an institution of excellence in professional and technical education that enables youth to be innovative with inherent morality and skills, to be a valuable asset for society and nation

MISSION

To produce innovative and technically strong professionals with adequate knowledge, skills and attitude to make them capable of facing challenges in all spheres of life.

Impart excellent environment for development of professional skills by providing quality education, extra-curricular activities and creating ethical culture to benefit society and industry.

QUALITY POLICY

“To impart quality technical education by providing and academic environment, professional, pragmatic approach and minds of future engineers, technocrats and managers to meet the challenges of future with vision, competence and excellence.”

ABOUT BNCET

BNCET is a consortium of leading colleges of International standards has been established under the auspicious aegis of Baij Nath Charitable and Educational Trust in the year 2008 for setting trends and raising standards for management & technical education.

The objective of our techno-managerial programs is to equip our students with knowledge, skills and confidence needed to develop corporate leaders, strategists and decision makers who can significantly contribute in nation building exercise.

An exhaustive, intensive industry and trade related curriculum covers almost all the functional dimensions of techno- managerial education. Case-studies, live projects, presentations, seminars, symposiums, internships, study trips and industrial visits are the part and parcel of the program.

It is our endeavor to make each BNCETian a success story and BNCET as a pre-eminent techno management college of India for nurturing talent and advancing knowledge in multi ethnic learning environment

Above committee members are to keep an extra vigil at all times to ensure that no ragging takes place in any form. Any incidence of ragging is to be reported to the committee Head and Chief Proctor at an earliest.

WHAT CONSTITUTE RAGGING

Ragging constitutes one or more of any of the following acts:

- Any conduct by any student or group of students whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student.
- Indulging in rowdy or in disciplined activities by any student or students which causes or is likely to cause annoyance, hardship, physical or psychological harm or to raise fear or apprehension thereof in any fresher or any other student.
- Asking any student to do any act which such student will not in the ordinary course do and which has the effect of causing or generating a sense of shame, or torment or embarrassment so as to adversely affect the physique or psyche of such fresher or any other student.
- Any act by a senior student that prevents, disrupts or disturbs the regular academic activity of any other student or a fresher.
- Exploiting the services of a fresher or any other student for completing the academic tasks assigned to an individual or a group of students.
- Any act of financial extortion or forceful expenditure burden put on a fresher or any other student by students
- Any act or abuse by spoken words, emails, post, public insults which would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to fresher or any other student.
- Any act that affects the mental health and self-confidence of a fresher or any other student with or without an intent to derive a sadistic pleasure or showing off power, authority or superiority by a student over any fresher.
- Any act of physical or mental abuse (including bullying and exclusion) targeted at another student (fresher or otherwise) on the ground of color, race, religion, caste, ethnicity, gender (including transgender), sexual orientation, appearance, nationality, regional origins, linguistic identity, place of birth, place of residence or economic background.

Anti-Ragging Steps :

In the incident of ragging, students have to report the matter forthwith to any member of anti-ragging committee. Students have to report as per the following steps:

STEP I : Respective Class coordinator/ Mentor

STEP II : Respective HOD/ Anti-Ragging Committee Members

STEP III : Chief Proctor

STEP IV : Director/ Additional Director

STEP V : AKTU Anti-ragging Cell/ Anti-Ragging Cell (ARC)

FORMS OF RAGGING

Some of the most popular forms of ragging are:

1. Dress Code Ragging :

The freshmen are asked to dress in a specific dress code for a particular period of time. But this isn't as easy as it seems. For the dress code prescribed is generally weird, e.g., dressing totally in white or black with the hair oiled and combed in a particular style. The dress code ragging may make the freshmen feel awkward and uncomfortable as it often brings them unnecessary attention from everybody.

2. Formal Introduction :

This involves asking the freshmen to introduce themselves in 'Shudh Hindi'. The introduction includes the freshmen's name, address, school, marks, etc.

3. Verbal Torture :

Verbal torture involves indulging in loose talks. The freshmen may be asked to sing the lyrics of any vulgar song or use abusive language while talking to the seniors.

4. Sexual Abuse :

This is the severest form of ragging that takes place in colleges. The seniors are mainly interested in 'juicy' details such as the anatomical description of one's body parts, his or her sexual interests, etc. In many cases, the freshmen have been asked to strip before the seniors.

5. Playing the Fool :

The freshmen may be asked to enact scenes from a particular movie or mimic a particular film star. In many cases, the seniors may also ask the freshmen to do silly things like climbing a tree, kissing a tree, proposing to someone from the opposite sex, etc.

6. Hostel Ragging :

Outstation students who stay in the hostel are most vulnerable to ragging. They may be asked to do all odd acts from cleaning the room of seniors to washing their clothes, from fetching them water or milk to completing their assignments.

7. Drug Abuse :

This can be the worst form of ragging wherein the freshmen are forced to try drugs there by driving them into addiction.

ACTIONS TO BE TAKEN AGAINST STUDENTS FOR INDULGING AND ABETTING RAGGING IN INSTITUTION

1. The punishment to be meted out to the persons indulged in ragging has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents.
2. Every single incident of ragging a First Information Report (FIR) must be filed without exception by the institutional authorities with the local police authorities.
3. The Anti-Ragging Committee of the institution shall take an appropriate decision, with regard to punishment or otherwise, depending on the facts of each incident of ragging and nature and gravity of the incident of ragging.
4. Depending upon the nature and gravity of the offence as established the possible punishments for those found guilty of ragging at the institution level shall be any one or any combination of the following:-
 - Cancellation of admission.
 - Suspension from attending classes.
 - Withholding/withdrawing scholarship/fellowship and other benefits.
 - Debarring from appearing in any test/examination or other evaluation process.
 - With holding results.
 - Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.
 - Suspension/expulsion from the hostel.
 - Rustication from the institution for period as may be decided by concerned authorities.

5.The institutional authorities shall intimate the incidents of ragging occurred in their premises along with actions taken to the Committee Head/Director from time to time.

ANTI RAGGING SQAUD

DISCIPLINE POLICY

Student Discipline Policy

Objective of the Policy :

Good discipline is the fundamental requirement for the achievement of any institute's Vision and Mission. The primary focus is the overall development of each and every student. Discipline is a collaborative effort by the institute's administration, parents, teachers and students and all other stakeholders. When this happens, we believe that a very positive and productive learning environment prevails, enabling students to strive for excellence. We seek to build within each student a passion for learning, a sense of responsibility, self-discipline, an entrepreneur mindset and respect for others. Institute's goal is to create a community in which each one is respected and encouraged to reach their full potential.

All students of BNCET are expected to make positive behavior choices that promote their safety, the safety of others and a productive learning environment. However, mistakes are a natural part of growth. When any student disregard rules, disobey instructions or otherwise engages in conduct which causes or may cause harm, inconvenience or embarrassment to the faculty and staff members, other students or anyone else, then this leads to disciplinary action against them. In order to combat discipline issues, BNCET has developed a discipline policy that is firm, transparent and will be consistently followed. The disciplinary policy is aimed at ensuring that issues of indiscipline and misconduct are managed and dealt within a fair, unbiased and confidential manner.

Disciplinary Rules and Procedures :

Details of various acts of indiscipline along with corrective action(s) for each are enumerated in the table given on the next page. The disciplinary process is not intended to be punitive in nature. The procedure therefore describes the steps to be taken to deal with each situation reasonably and, wherever possible, help the student(s) concerned to improve their standards of conduct to reach to the acceptable level. However, it also allows taking necessary and sufficient steps to avoid any severe and repeated act of indiscipline.

In case, any act of indiscipline is noticed, respective HOD's/ Chief Proctor/ other Functional Heads can give a suitable decision as per implementation modality.

It is expected that all students at BNCET shall be responsible for conducting themselves in a manner that helps augment environment of learning and discipline during their stay in campus.

LOCAL CHAPTER AND NODAL CENTER

NPTEL (National Program on Technology Enhanced Learning):

NPTEL which stands for Program on Technology Enhanced Learning is an initiative funded by MHRD, Govt. of India and coordinated by IIT-Madras and other IITs. The project central idea is to put recorded lectures taught by its member institutes online for open access.

Being Local Chapter-NPTEL BNCET is also offering self study courses across Engineering, Humanities and Management since January, 2017.

More than 1200+ students and almost all faculty members have completed many courses through NPTEL. Many of them have been awarded with Gold and Silver medals also. Few of our students have been selected for paid Internship in different IITs on the basis of NPTEL certificates and score. SPOC (Single Point Contact Person): Mr. Sanjay Tiwari

Remote Center IIT Bombay (Under NMEICT):

BNCET has established in collaboration with IIT Bombay a Remote Center (Center ID-RCID1327) at BNCET Campus in year 2013. Various training and workshops by using modern tools are conducted for faculty members and students at this remote center for their upgradation. Approximately all faculty members from different departments have completed many certified courses from this platform. More than 13 workshops have been conducted till date.

SPOC (Single Point Contact Person):Mrs. Kiran Kumari

UHVPE Nodal Center :

As per AICTE initiative, BNCET has also become UHVPE Nodal Center in year 2019. The Faculty development programs are being conducted to inculcate the Universal Human Values and Professional Ethics among the faculty members and students. UHVPE FDP programs not only benefit faculty members and students academically but also enable them to meet all the graduate attributes as defined by National Board of Accreditation.

Remote Center IIT Bombay(Under NMEICT) :

BNCET has added one more achievement during this year 2020 only by getting the

approval as Nodal Center for Virtual Labs in affiliation with IIT Kanpur through Virtual Lab Regional Nodal Centre at Rajkiya Engineering College Banda. Many well known institutes including IITS, RECs, COE Pune, IIITs etc. are participating institutes in Virtual Labs. The virtual labs use a teaching method called simulation. The simulation is an educational method that the teacher usually uses to bring students closer to the real world. The simulation method is believed to be closer to what is happening in areas that do not accept the lowest percentage of error, such as nuclear industries and some military industries.

The simulation serves many educational objectives such as “goal of acquiring skills” in an environment similar to reality. It helps the learner to gain a lot of knowledge about the real work environment and its requirements.

All the departments of BNCET are conducting virtual labs for students and getting marvelous response from all the faculty members and students.
